RL5000

The Triton RL5000: Perfectly suited for any location.

One of our most customizable machines yet, the Triton RL5000 will change the way you think about ATMs.

With a stunning 10.4-inch LCD screen, the RL5000 allows for a remarkable array of colorful, branded content. Logos, photos, and custom graphics of all kinds are quickly and easily integrated, using the simple-to-operate PC-based interface. At the heart of this almost endlessly configurable system is the user-friendly Microsoft® Windows® CE 5.0 operating system, powered by Triton's X2 technology and a 32-Bit processor.

The machine's sleek profile helps the RL5000 sit attractively in any location, from C-store to bar to hotel lobby. The incredibly sturdy and durable construction, and a range of high-precision vault and lock options combine to make the RL5000 secure in any setting. Likewise, multiple dispenser choices are available to match the traffic of your location.

The Triton RL5000. It's endless customization, for an endless supply of user options. And as always, it's a Triton. So it's reliable, easy to service and maintain, and fully compliant.
